READING THE DIGITAL WAY

Many of us who love reading (read) are changing our habits. Today, a lot of us have decided to use (use) e-readers, and so we've stopped buying (buy) traditional books.

They are very easy to carry (carry), so they are ideal for people who like traveling (travel) If you're abroad, and you don't have anything to read (read), you don't need to look for (look for) a bookshop that has books in your language. Moreover, e-readers are very private, so you don't need to show (show) people what you're reading. Finally, when you finish reading (read) a book, you no longer have to find room for it on a bookshelf.

However, there are some disadvantages. Some people say their eyes hurt if they spend a long time looking (look) at the screen. As well as this, if a friend would like to borrow (borrow) a book you've read, you can't offer to lend (lend) it to them.
